RECENSEMENT DES CAMELLIAS PRESENTS EN BRETAGNE 2008-2009

PRESENTATION

Ce recensement a pour buts de faire l'inventaire le plus exhaustif possible des espèces et variétés de camellias présentes en Bretagne, de faciliter leur étude, d'apprécier leur abondance ou leur rareté, et d'agir pour préserver et multiplier les camellias menacés.

Il se base sur le regroupement depuis plusieurs années, des camellias mis en exposition, de listes fournies par divers collectionneurs, et de catalogues de plusieurs pépiniéristes.

Évidemment, ce regroupement n'est pas exhaustif. Dans chaque page, des cases blanches sont disponibles en haut de chaque colonne afin d'y ajouter les noms qui devraient prendre place dans la colonne. Il est normal, et heureux, qu'il y ait des noms à rajouter.

Pour faciliter le travail de récolte et de synthèse des données, tous les camellias ont été classés par ordre alphabétique, comme dans l'International Camellia Register, qui a aussi servi de référence pour les noms de camellias.

COMMUNICATION DES RESULTATS

Les cahiers de recensement devront être remis aux responsables de la SBC au plus tard le 31 mai 2009. **Vous pouvez expédier ce document à :**

René Mahuas
33, rue Anne de Bretagne
56400 PLUMERGAT
camellia-sbc@aliceadsl.fr

La synthèse sera faite dès que possible, et mise à la disposition des amateurs et des professionnels. Elle donnera la liste de toutes les espèces et variétés de camellias trouvées en Bretagne. Elle donnera aussi le nombre de propriétaires de chaque espèce ou variété : 1, 2, 3, 4, 5, de 6 à 10, de 11 à 25, de 25 à 50, plus de 50, mais ne donnera pas de nom de propriétaire.

Tous les cahiers de recensement seront conservés confidentiellement sous la responsabilité du président de la SBC ou du responsable mandaté par lui. Les noms des propriétaires des plants recensés ne seront donc communiqués aux demandeurs qu'avec leur accord.

CONSIGNES ET INFORMATIONS

Surlignez directement dans chaque page les cases contenant les noms des camellias présents dans votre collection (collection s'entend au sens très large, elle peut n'être constituée que de 2 ou 3 camellias, peut-être rares) :

- en vert clair ou en bleu clair, si vous n'avez pas de doute sur leur appellation,
- en orange ou en rose, si vous avez des doutes sur leur appellation.

Lorsque le nom contenu dans la case est un synonyme (ex. 'Donckelaeri' = 'Masayoshi'), surlignez de préférence la case contenant le nom de référence (ex. la case 'Masayoshi').

Les abréviations à la suite des noms indiquent l'origine botanique, et permettent de différencier des camellias ayant le même nom, mais pas la même origine :

- | | | |
|--------------------------|---|-----------------------------|
| - ESP = espèce botanique | - OLE = oleifera | - SAL = saluenensis |
| - GRI = grijsii | - PIT = pitardii | - SAS = sasanqua |
| - HIE = hiemalis | - RET = reticulata et hybride de reticulata | - SIN = sinensis |
| - HIG = japonica de Higo | - ROS = rosaeflora | - VER = vernalis |
| - HYB = hybride (autre) | - RUS = japonica rusticana | - WAB = wabisuke |
| - JAP = japonica | | - WIL = hybride williamsii. |

Veillez compléter très lisiblement au verso vos coordonnées personnelles, et signer la déclaration de confidentialité.

- propriétaire de la collection :

.....

- adresse :

.....

- numéro de téléphone :

.....

- adresse de la collection (si elle diffère de l'adresse de propriétaire) :

.....

Je soussigné/ée

(barrer très visiblement les mentions inutiles)

- accepte que le président de la SBC ou le responsable désigné communique librement, sans me le demander, mon nom et mes coordonnées à ceux qui seraient intéressés par les plants que je possède,

- accepte que le président de la SBC ou le responsable désigné communique mon nom et mes coordonnées à ceux qui seraient intéressés par les plants que je possède, mais seulement avec mon accord et seulement après me l'avoir demandé,

- refuse toute communication à qui que ce soit.

À, le
